 DATASHEET

## **SAGE INTACCT ACCOUNTS PAYABLE**

**Accounts payable automation saves your organisation hours of time by enabling you to focus on bill review and exception management with automated bill entry and payment processing.**

The Sage Intacct accounts payable software module is part of Sage Intacct accounting. It saves businesses hundreds of hours - and thousands of pounds - by automating manual accounts payable processes and eliminating inefficient workflows.

That means more time to focus on high-value analysis, insights, and cash flow optimisation - and less frustration and wasted time.

### **WHY CHOOSE SAGE INTACCT?**

- **Save time, move fast**
- **Always trust the numbers**
- **Collaborate in real-time**
- **See the full financial picture**
- **Automate & streamline processes**
- **Complete integration**
- **Future-proof performance**

# MUST HAVE FINANCE FEATURES

## TOOLS THAT MAKE A DIFFERENCE

**Automated amortisation expenses:** Recognise assets from AP purchase invoice and expense them either over time or all at once on a set future date.

**Document drag-&-drop functionality:** Save time and paper by simply and quickly attaching or viewing electronic documents - from any device and location.

**Manual payments:** Handle one-off payments quickly and easily such as a quick cheque, cash payment, or funds transfer.

**Support for multiple entities & multiple currencies (optional module):** Handle it all right from within Sage Intacct accounts payable.

**Vendor Payment Services (optional module):** Make check, American Express ACH, and American Express Corporate Card payments with a single click to eliminate tedious tasks while increasing security.

**Point-&-click controls:** Easily and quickly create definitions of your workflows, approvals, and internal control processes to conform to your business.

**Pre-defined defaults:** Pay the correct amounts to the right vendors and take advantage of discounts.

**Seamless integration with Sage Intacct cash management, inventory, & purchasing:** Minimise data re-entry and get broader insight across all financial functions.

**Real-time access to AP transactions & data:** Review and react to your current situation on the fly; no more waiting for batches to post.

**Reports on vendors, aging, or payments:** Quickly and easily slice and dice your data to get any view you need.

# SAGE INTACCT BENEFITS

## SAVE TIME & MONEY

Save hundreds of hours per year - and tens of thousands of pounds - by automating your accounts payable processes, eliminating inefficient workflows, and refocusing on higher-value activities. Point and click to configure approvals and take advantage of automated expense allocations to increase productivity.

## STAY IN CONTROL

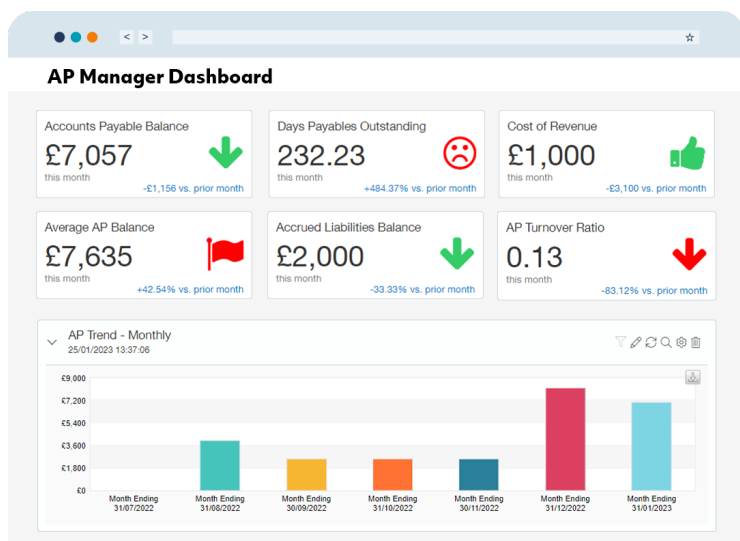

Automated, configurable processes enable you to better manage accounts payable by defining workflows, approvals, and internal controls that align with your business. With visibility into the entire AP cycle, you can ensure greater accuracy as well as stronger compliance with finance and accounting policies.

## SEE IT ALL IN REAL-TIME

Track and view payments, approvals, and reports - anytime, anywhere. With Sage Intacct accounts payable you can see your accounts payable liabilities, vendor aging reports, and bill - and check - register reports in real time.

# MUST HAVE FINANCE FEATURES

## TOOLS THAT MAKE A DIFFERENCE

**Automated workflows & processes:** Speed up your AP cycle and enhance accuracy.

**Approval alerts & messages:** Enable greater responsiveness among team members.

**Automated data entry:** Save time, money, and resources while increasing accuracy with defaults for terms, discounts, GL accounts, payment priority, and payment dates.

**Automation & support:** Efficiently manage year end processing and multi-entity consolidations. Streamline your accounts payable with automated, configurable processes.

**Automatic expense allocation with predefined tables:** Operate with greater precision by allocating expenses across multiple entities, departments, and locations.

# BEST-OF-BREED SOFTWARE

## FINANCE MADE SIMPLE

Sage Intacct offers a wide range of accounting capabilities, in a modular format that gives each department within your organisation the flexibility to choose the best software applications for its needs.
